

# Magic Table (“Tovertafel”) is now in Tavistock Library

*Play is an essential tool to help those with cognitive challenges. The Tovertafel is an interactive projector incorporating cutting-edge care technology to detect hand movements.*

*A large range of games are available, which are suitable for people of any age living with cognitive disabilities. Everyone can join in and enjoy positive, purposeful fun.*

*Give Tavistock Library a call and book a slot to play with your loved ones. There’s no cost!*
